The Town of Brome Lake asks its citizens to plan their grocery store orders at the IGA in order to reduce the number of deliveries

Brome Lake, March 26 2020 –To comply with containment measures aimed at reducing the spread of the COVID-19 virus, many citizens choose to use the Knowlton IGA delivery service: we thank each one of you for honouring the rules in place. However, this implies a high volume of deliveries: **in order to continue to serve you efficiently, we ask you to plan your orders and thus reduce the number of trips.** It will be easier to ensure the delivery of essential items such as food and household products to the entire population.

Tools for ordering

We remind you that you can place your order using the IGA application. You will find it in the "store" application of your mobile phone (Play Store or Apple Store). You can also use the iga.net website. Please note that a virtual queue system has been put online due to the high number of orders placed. Finally, you can use the local IGA phone number: 450 243-6692.

Help for seniors over 70

If you are 70 years of age or older and need help placing your food order, we invite you to contact the Town of Brome Lake at 450 243-6111.
